PROFESSIONAL SUMMARY

Senior Android Engineer with 13+ years of experience delivering scalable, secure, and high-performance mobile applications across banking and e-commerce domains. Proven track record of owning end-to-end feature delivery, improving application stability, and contributing to architecture decisions. Expertise in Kotlin, MVVM, Clean Architecture, Jetpack Compose, and modern Android development.

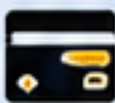

PROFESSIONAL EXPERIENCE

SENIOR SOFTWARE ENGINEER

 Sep 2022 – Present

Emirates NBD (via Servion Global Solutions) | Dubai

- Developed critical modules in ENBD X digital banking application serving a large customer base across UAE.
- Owned end-to-end delivery of key features:

Credit Card Application Flow

Credit Limit Increase Flow

- Improved application stability by increasing crash-free users from **95% to 98%** through proactive debugging and performance optimization.
- Led cards module modularization, improving scalability, maintainability and enabling parallel development across teams.
- Contributed to architecture decisions using MVVM, Clean Architecture and best practices.
- Designed and implemented secure features including payments, transfers, authentication and account management.
- Actively handled production incidents, hotfix releases and performed RCA to prevent recurrence.
- Mentored junior developers, conducted code reviews and ensured adherence to coding standards and best practices.

SENIOR ANDROID CONSULTANT

 Nov 2021 – Aug 2022

Wipro Technologies (MindPool Tech) | Dubai

- Contributed to Bloomingdale's Middle East e-commerce application.
- Implemented core modules including product catalog, search, wishlist, cart and secure checkout/payment flows.
- Optimized performance, UI responsiveness and checkout flow to enhance user experience.
- Collaborated with product, design and backend teams for feature delivery.

ADVISORY SYSTEM ANALYST – MOBILITY

 Oct 2020 – Jul 2021

IBM India Pvt Ltd | Chennai

- Developed mobile banking application for TSB Bank (UK).
- Implemented features including account management, transfers, bill payments and transaction tracking.
- Integrated biometric authentication for secure login and transactions.

TECHNOLOGY LEAD – MOBILITY

 Jan 2015 – Oct 2020

Cognizant Technology Solutions | Chennai

- Led development of mobile banking applications for Rabobank (Europe).
- Delivered features such as payments, fund transfers, account management and card services.
- Improved application performance and API efficiency, enhancing user experience.
- Owned end-to-end development lifecycle and mentored team members.
- Worked closely with business stakeholders to align technical solutions with requirements.

Android Application Developer | Suhasoft Pvt Ltd | Chennai

 Jul 2014 – Dec 2014

Android Developer | LIV Pvt Ltd | Chennai

 Feb 2013 – Jul 2014

KEY ACHIEVEMENTS

95% → 98%
Increased crash-free users from 95% to 98% by identifying and fixing critical issues and optimizing performance.

End-to-End Ownership
Owned and delivered critical financial flows including Credit Card Application and Credit Limit Increase.

Modularization Leader
Led cards module modularization, improving scalability, maintainability and team productivity.

Mentorship & Code Quality
Mentored developers, conducted code reviews and promoted best practices across teams.
